## EXAMINATION PREPARATIONS

### X-Ray / Dental Imaging

No appointment necessary.

X-rays do not require any special preparation. Metal objects such as watches, keys, coins and jewellery will show up on the x-ray affecting the images and therefore may need to be removed.

### Ultrasound

If you have been referred for an Ultrasound Scan by your doctor, please contact Bookings on 02 4363 9300 and arrange an appointment.

- For upper abdomen studies (such as liver, spleen, gallbladder and pancreas) do not eat, drink or smoke for 6 hours before your appointment. Continue to take any medication.
- For lower abdomen studies (such as pelvis, pregnancy, kidney and prostate) you must have a full bladder at the time of the appointment.

Empty your bladder 1½ hours before your appointment and then drink 1 litre of water, finishing 1 hour before your appointment time. **Do not empty your bladder after this.**

Generally, you will be most comfortable if you wear loose fitting clothing. You will need to remove clothing and jewellery in the area to be examined and will be provided with a gown to wear.

### CT Scan

CT Brain/Neck/Chest/Abdomen/Pelvis

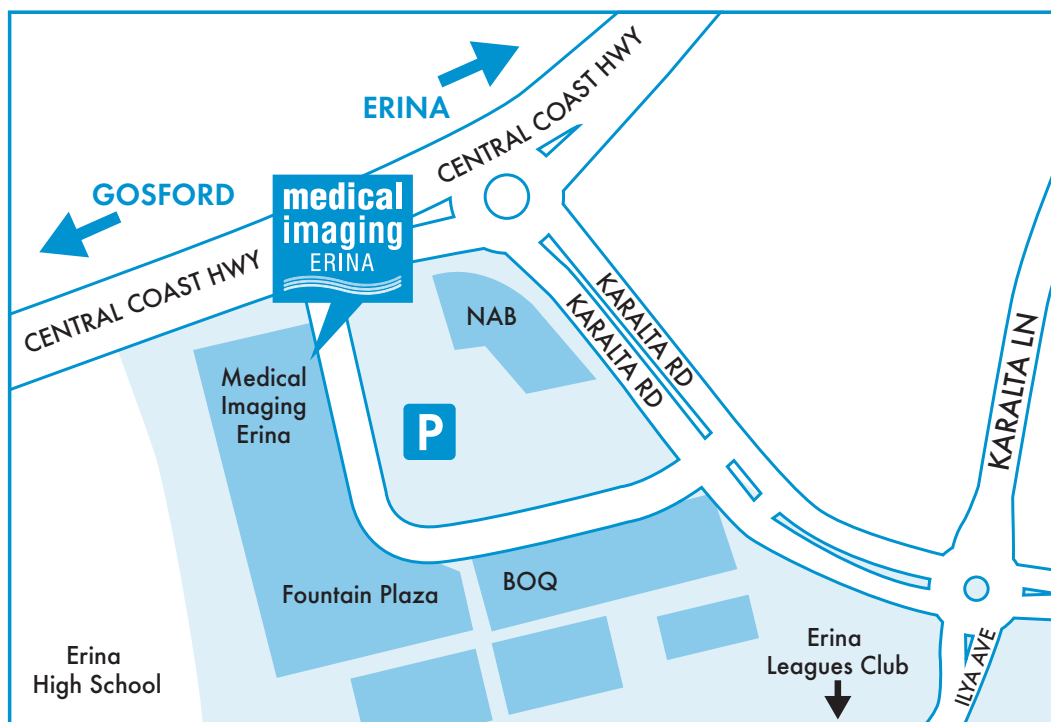

**Nothing to eat 2 hours prior to examination.**

**Please bring all previous films to examination**

**ALL REFERRALS ACCEPTED**

Your doctor has recommended that you use Medical Imaging Erina. You may choose another provider but please discuss this with your doctor first.
